JRTC Rotation 13-01

SUBJECT: JRTC Welcome Letter

1. As Commander of the 115th Combat Support Hospital (CSH), I would like to take this opportunity to welcome you to JRTC rotation 13-01 for the 115th CSH. As the first active duty CSH to go through a JRTC rotation in several years, this will be an exciting and challenging field training exercise.
2. The 115th CSH will deploy a 44 bed Early Entry Hospital Element (EEHE) to ISB Alexandria to provide medical task force command and control and level II and level III health service support for the 82nd Airborne Division. Your skill set and participation is critical to our overall success.
3. I live by the Army Values and the Warrior Ethos and expect that nothing less from those Soldiers under my supervision.
4. I want this experience to be both positive and valuable. My leadership team and staff are here to assist you with any questions you have regarding your role or your transition to Alexandria, LA. Please don't hesitate to contact any of the points of contact identified in the Coordinating Instructions, and take the time to read the information posted on our website. I look forward to working with each of you and making this an extremely successful rotation as we pave the way for future active duty Combat Support Hospitals.
