Dental Activity (DENTAC) Update

DO WHITENING STRIPS CAUSE SENSITIVITY???

- CREST Whitening Strips can improve tooth color

What are the minuses???

- Tooth Sensitivity
- Smokers Beware
- Cost

Joint Readiness Training Center & Fort Polk Home of Heroes

TRICARE Dental Program (TDP/UCCI)

- When signing up for a provider, ask about emergency care, especially on the weekends. We are experiencing difficulty with civilian dentists answering the phone on weekends/afterhours
- We (DENTAC) can give second opinions if local dentists find an unusually high number of cavities (EX - 10 cavities when you have never had an exam that showed more than 1-2)
- There will be a Community Dental Activity (CDA) where we will hold a class on how Dental X-RAYS are read. That way, if a future dentist says you have a significant number of cavities, you can be more aware of its significance. CLASS - TBA
