c. The following forms of identification will be accepted as proof of identity:

- (1) DoD Common Access Card

e. Vehicles will be assessed at installation ACPs to ensure their compliance with state and local laws, in that they are properly registered, inspected and insured. This assessment may be done through visual observations by security personnel and during random anti-terrorist measures and inspections.

f. Unescorted visitors to the installation will be vetted via the NCIC (III) background check. This process is the minimum baseline background check required for entrance onto Fort Polk. Upon completion of the NCIC check the visitor will be issued a short time paper pass or long term visitor ID card based on their needs and the results of the NCIC check.
